Our Schools Offer...

Our schools provide comprehensive academic programs based on state standards. Additional coursework may include vocational classes, online classes and concurrent enrollment at local colleges.

Individualized Learning
Our district’s small size allows for students individual needs to be met through specifically tailored learning. A low student-to-teacher ratio ensures that students receive individualized attention.

Technology
Both schools are equipped with a wireless environment. Moffat School has a one-to-one iPad program in grades 4-12 and Crestone Charter School is equipped with Chromebooks. This technology allows students access to outside resources for learning.

The Arts
Visual and performing arts are available to students through the classrooms and staff.

Supporting Exceptional Students
Both campuses provide support for exceptional students including support for English language learners, gifted and talented students, and special education students.

Sports
Our sports program is in cooperation with Mountain Valley School District in Saguache. Sports include volleyball, football, cross-country, basketball, wrestling and track.

The District
The Moffat Consolidated School District is extraordinary for a small rural district in meeting the needs of families from diverse backgrounds.

The District is committed to providing a high quality education that prepares students for college, work and citizenship.

We have two recently built schools that provide families the freedom to make unique learning choices.

The Moffat School, a PK-12 school, offers child centered learning in a traditional setting on a campus completed in 2015.

The Crestone Charter School, a K-12 school, offers a program based on experiential learning on a campus completed in 2013.
Moffat School

The Moffat school promotes academic excellence and service to others, emphasizing traditional classroom learning, experiential opportunities and integration of technology. We celebrate our diversity by creating a school climate that nurtures growth, responsibility and school spirit. Our staff works collaboratively with students, parents and community members to encourage students to become critical thinkers and lifelong learners.

Moffat PK-12 electives include:

- K-12 Art
- K-12 Music
- K-12 Physical Education
- K-12 Technology
- 6-12 Industrial Arts
- 6-12 STEAM (integrating science, technology, engineering, art and mathematics)
- 9-12 Spanish

Moffat School provides a free nutritious breakfast and lunch for all students. Bus transportation is provided at all grade levels. The Moffat School day is Monday - Thursday 8:00 a.m. - 4:00 p.m.

Crestone Charter School

The Crestone Charter School provides a stimulating experiential program that nurtures each student’s sense of wonder and natural desire to learn. This creatively structured atmosphere emphasizes academic excellence and uniqueness of character. We strive to inspire healthy responsibility in relationship with self, community and environment both locally and globally.

Crestone Charter School program includes:

- Non-graded instruction
- K-12 Arts (Music, Art, Drama)
- K-12 Experiential education
- K-12 Field-based learning
- Full day Kindergarten
- 4-12 Ski/Snowboard program
- 9-12 Individualized mentorship electives

Families provide lunches and transportation to school.

The Crestone Charter School day is Monday - Thursday 8:30 a.m. - 3:30 p.m. and Friday 8:30 a.m. - 12:30 p.m.
